* **Compliance with the Directives:** 2000/53/CE; 2002/45/CE; 2002/62/CE; 2002/95/CE and 2011/65/UE (Rohs); 2004/96/CE; 94/27/CE; 2002/61/CE; 2001/95/CE; 2003/11/CE; 2004/21/CE; 2003/36/CE; 2003/53/CE; 2006/122/CE; Regulation 1907/2006 (REACH). The finishings are compliant with the above-mentioned rules, save where is explicitly specified the not compliance. Furthermore in these finishings are not present, or are present in the limits allowed, all the restricted substances. **The restricted substances list can be consulted on the web-site in the menu Production, in the page Conformity to Directives, in the ANNEX 1 attached in Appendix “Complete list of the finishings and treatments performed in SILGA S.p.A.”.**

*** **Releas of NICKEL:** in order to certify the compliance with the directive 94/27/CE and the 2004/96/CE interrelated with UNI EN 1811, a specific test has to be made on the product as agreed between supplier and customer.

This document must be considered as useful informations and it isn't an official declaration of finishings compliance. For more details you can contact our technical staff.
